DETAILED ACTION

Election/Restrictions

1. Newly submitted claims 9-43 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Original claims (1-8) are directed to method of specifying attributes (see claim 1) while the newly submitted claims (9-43) are directed to an expert system (see claim 9). It is clear the subject matter claimed in original claim 1 is different from subject matter claimed in new claim 9.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 9-43 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

2. Claims 1-8 are rejected under 35 U.S.C. 101 and 35 U.S.C. 102(b) as shown in paragraphs 3 and 4 of the office action mailed Dec 13, 2005.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 2129

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
